

# Group 16 Weekly Update

Group Members: Qiuyu, Maxim, Carmen, Javier, Joshua,  
Recardo, Sophia

## Change team name:

We wish to put our team name in the website like a brand, so we decided to change our team name to be a more formal one.

After discussion and votes within group, we pick “Banana Journal.”

# Website Page Design

Last week, we came up with a pencil scratch landing page, we upgrade the page with a more specific design.
